

NCKTC Press Release

North Central Kansas Technical College will undergo a comprehensive evaluation visit March 1-3, 2010, by a team representing the Higher Learning Commission of the North Central Association of Colleges and Schools. NCKTC has been accredited by the Commission since 1985. Its accreditation is at the Associate of Applied Science degree level and includes sites at Beloit and Hays.

The Higher Learning Commission is one of six accrediting agencies in the United States that provide institutional accreditation on a regional basis. Institutional accreditation evaluates an entire institution and accredits it as a whole. Other agencies provide accreditation for specific programs. Accreditation is voluntary. The Commission accredits approximately 950 institutions of higher education in a nineteen state region. The Commission is recognized by the U. S. Department of Education.

For the past two years, NCKTC has been engaged in a process of self-study addressing the Commission's requirements and criteria for accreditation. The evaluation team will visit the institution to gather evidence that the self-study is thorough and accurate. The team will recommend to the Commission a continuing status for the college; following a review process, the Commission itself will take final action.

The public is invited to submit comments regarding the college:
